MILESTONES

2025
Partnership negotiations were initiated for HEKTAŞ Asia LLC.
HEKTAŞ qualified for inclusion in the BIST Sustainability Index in the first quarter of 2026.

2024
A paid-in capital increase was made
Its capital has reached TRY 8,430,000,000

2023
The public offering process for Ferbis has begun
The process of change and transformation has begun
The animal health business line was exited

2022
51% of Agriventis Technologies was acquired
It was included in the BIST 30 index
A company named HEKTAŞ Asia LLC was established in Tashkent, Uzbekistan

2021
Arma İlaç, a manufacturer of veterinary medicinal products, was acquired
Work has begun on establishing a factory in Balıkesir for local pet food production
Included in the BIST 30 Reserve List

2020
Sunset Kimya Tarım Ürünleri company was acquired

2019
AREO Tohumculuk company was acquired
It was included in the BIST 50 index

2018
It was included in the BIST 100 index
The company entered the pet food and care products sector.
It started trading on the stock exchange

2017
The plant nutrition and seed divisions were established
Organic-mineral fertilizer production began in Adana
Ferbis company was acquired

1956
Founded in Adana

1963
Türkiye’s largest occupational pension fund, OYAK, became one of the shareholders of HEKTAŞ

1981
HEKTAŞ shares were offered to the public.

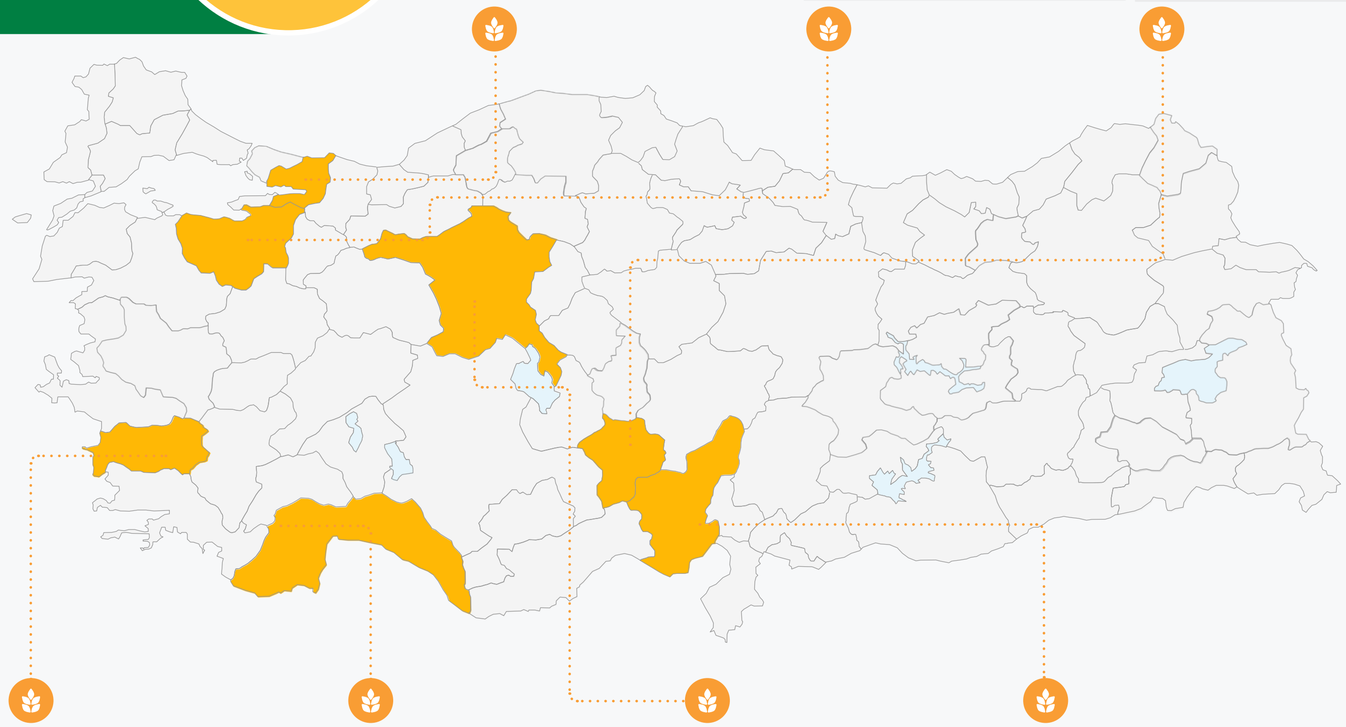

1986

2005
The animal health division was established

OPERATIONS MAP

DOMESTIC

With our state-of-the-art production facilities in many regions of Türkiye, we continue to contribute to employment and remain a leader in Turkish agriculture.

Kocaeli/Gebze

- HEKTAŞ Headquarters and Plant Protection Products Production Facility
- HEKTAŞ R&D Center
- Facility Area : 75,000 m²

Bursa/Orhangazi

- Ferbis Headquarters
- HEKTAŞ F.A.R.M.
- Facility Area : 634,000 m²

Niğde/Bor

- Ferbis Plant Protection Products Production Facility
- Facility Area : 24,000 m²

Aydın/Söke-Koçarlı

- Areo Tohumculuk / Cotton R&D
- Greenhouse Area : 35,000 m²
- Areo Tohumculuk / Industrial Crops
- Warehouse Area : 800 m²

Antalya/Konyalatı

- Areo Tohum Technologies Center
- Antalya/Akdeniz University Technopark
- Facility Area : 36,900 m²
- Sera Alanı : 29,000 m²

Ankara/Sincan

- Ankara High Technology Center
- HEKTAŞ R&D Center
- Facility Area : 12,000 m²

Adana/Sarıçam

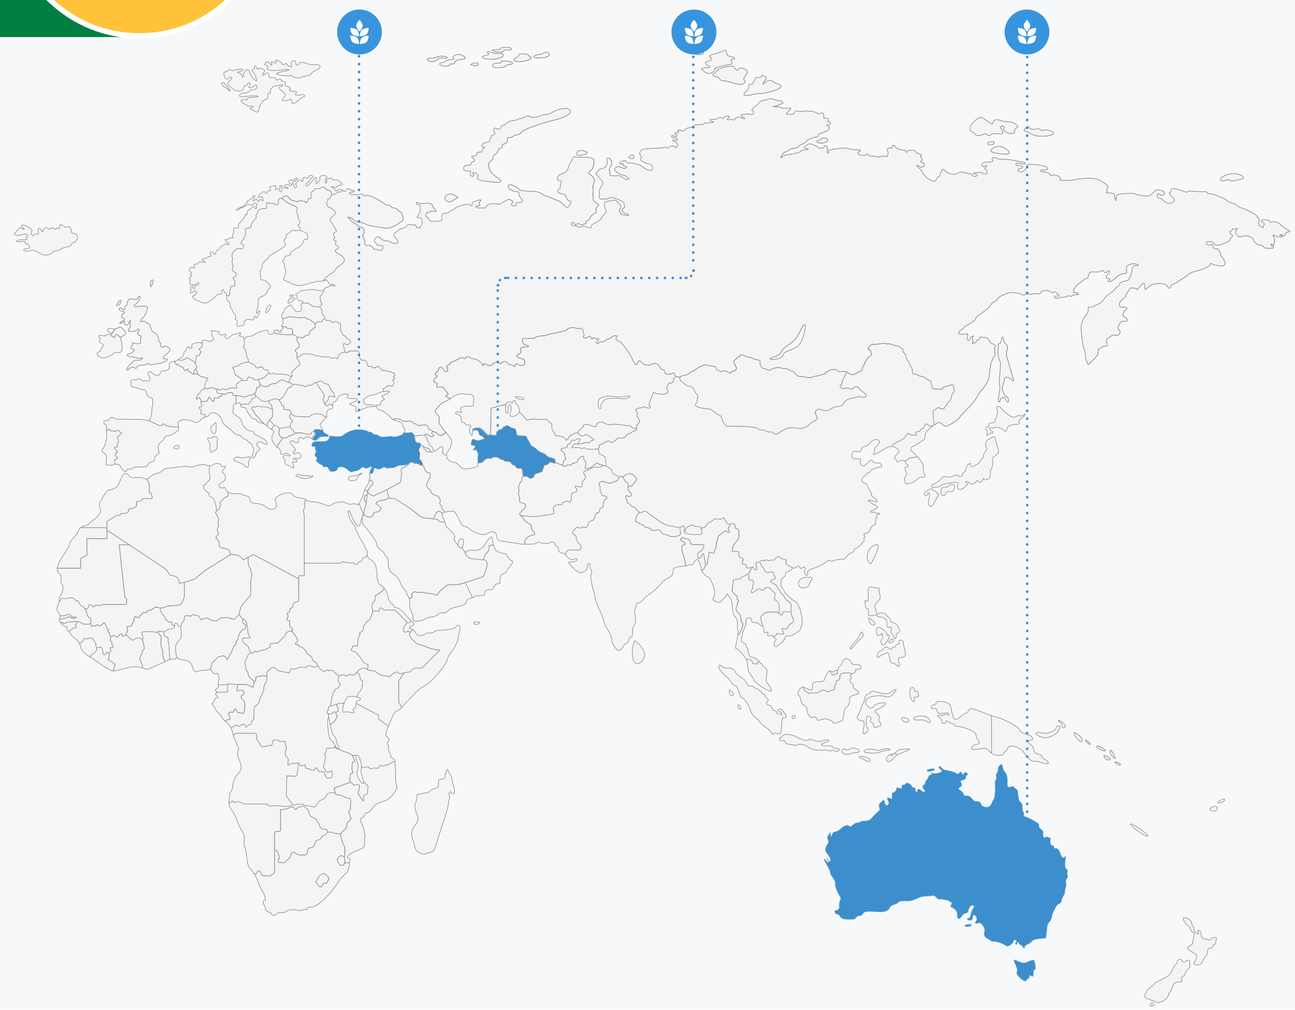

- HEKTAŞ Organomineral Fertilizer Production Facility
- Facility Area : 20,000 m²

OPERATIONS MAP

FOREIGN

It has been a year in which the infrastructure work for our strategic overseas investments, which we laid the foundations forin the past, has accelerated.

Sunset (Foreign)		Uzbekistan		Australia
Sunset Kimya Tarım Ürünleri ve Aletleri İmalat Pazarlama Sanayi ve Tic. A.Ş.		HEKTAS ASIA LLC		Agriventis Technologies Pty. Ltd
Overseas Licensed Plant Protection Products	: 184 pieces	Crop Protection Capacity	: 35.000 tons/ year	Number of Seed Lines : 260+
		Organomineral Fertilizer Capacity	: 150.000 tons/ year	

OUR BUSINESS AREAS

PLANT PROTECTION

- Hektaş, Ferbis & Sunset with Turkey's market leader.
- By producing plant protection products, it contributes to reducing

  Turkey's dependence on foreign markets over time.
- With Hektaş Asia LLC, it will become even closer to the Turkish Republics in the field of plant protection.

PLANT NUTRITION

- Entered the market in 2017.
- With organomineral and new generation plant nutrition products, it holds a place in the sector.
- It is continuously expanding its product portfolio.
- With Hektaş Asia LLC, it will become even closer to the Turkish Republics in the field of plant nutrition.

SEEDS

- Entered the market in 2017.
- In 2019, Hektaş Tohumculuk production was acquired
- Hektaş aims to be a pioneer in the market with the Hektaş Tohum brand.
- In 2022, it became the major partner of Agriventis Technologies. (Australia) Seeds will be produced with
- Agriventis for drought tolerance.

PLANT PROTECTION BUSINESS UNIT

- **OUR PRODUCTION FACILITIES**

  Kocaeli/Gebze, Niğde/Bor

- **OUR PRODUCTS**

  Fungicide, Herbicide, Insecticide, Acaricide, and Others

- **OUR GOALS**

  To maintain our leadership and reduce dependence on imported inputs

PLANT PROTECTION BUSINESS UNIT

ABOUT HEKTAŞ

ABOUT HEKTAŞ	
Establishment Date	1956
OYAK Partnership Date	1963
Public Offering Date	1981
Business Activity	Production and sales of plant protection products
Location	Kocaeli/Gebze
Advantages of the Location	Proximity to land, sea, air, and railways, and regional advantages
Sales Policy	To offer products suitable for sustainable agriculture, respecting humans and nature.
Number of Domestic Product Licenses	242
Number of International Product Licenses	440
Motto	Pioneer of Smart Farming
2026 Target	To maintain our leadership with brand recognition.

HEKTAŞ TOHUM R&D & PRODUCTION CENTER

HEKTAŞ TOHUM R&D & PRODUCTION CENTER			
Location	Antalya/Akdeniz University Technopark	Aydın/Söke-Koçarlı and Konya/Kulu	Bursa/Orhangazi
Field of Activity	Conducting biotechnology-supported research, development and breeding activities to develop hybrid vegetable and industrial crop varieties suitable for greenhouse and open-field conditions, and carrying out seed production, seed processing and quality control processes		
Products	Tomato, pepper, cucumber, eggplant, squash, melon, watermelon and onion seeds	Cotton, barley, wheat, bean, pea, corn and sunflower seeds	Vegetable seed production activities
Production Area	29,000 m^2	35,000 m^2	16,800 m^2
Storage Area	-	800 m^2	-
Total Area	36,900 m^2	35,800 m^2	16,800 m^2
Greenhouse Areas	7 greenhouses, 1 seedling area and open-field areas		

Laboratories	Biotechnology Center (1 Molecular Genetics Laboratory, 1 Tissue Culture Laboratory, 2 speed breeding rooms and 1 phytopathology test greenhouse)
Investments Made	As part of R&D activities, investments are being made in advanced breeding, biotechnology, trial infrastructure, seed production and processing to develop new hybrid vegetable varieties for protected cultivation and open-field production, as well as new industrial crop varieties. These investments support the development, registration and market introduction of varieties with high yield and quality
Certifications Held	Seed Producer Certificate, Seed Dealer Certificate, Farming Certificate, Greenhouse Cultivation Registration Certificate, Private-Sector Agricultural Research Organization Registration Certificate, Authorized Seed Organization Certificate, TSÜAB Membership Certificate, BİSAB Membership Certificate, Trademark Registration Certificate

SEED BUSINESS UNIT

ABOUT AGRIVENTIS

ABOUT AGRIVENTIS	
Establishment Date	2022
Partnership Share	51%
Location	Australia/Sydney
Advantages of the Location	Proximity to Asian and global markets
Business activity	Seed breeding, production and sales
Number of Employees	4 white collars
Sales Policy	With current activities, the goal is to increase market share by 2026

Product Portfolio	Cereals, Pulses, Oilseeds and Spices
Number of Registered Seeds	13 pcs.
Number of Seed Varieties	260+
2026 Target	To lead the sector in combating climate change, promoting sustainable agriculture, and ensuring food security, aiming to become a global player.

R&D ACTIVITIES

With its strong R&D ecosystem and sustainable innovation approach, HEKTAŞ aims to adapt to the needs of the era, gain competitive advantage on a global scale, and reinforce its leadership in the sector.

SUSTAINABILITY

A Historic Achievement in Sustainability!

With its strong ESG performance,
HEKTAŞ ranked second in the world!

As a result of the efforts carried out during the year, **HEKTAŞ qualified for inclusion in the Borsa İstanbul Sustainability Index as of the first quarter of 2026.**

In the ESG sustainability assessment conducted by the London Stock Exchange Group (LSEG), **HEKTAŞ ranked second globally in its sector, achieving a first in Türkiye.** As a result, having met the required criteria for inclusion in the Borsa İstanbul Sustainability Index, HEKTAŞ became the first company in its sector to be included in the index.

SUSTAINABILITY

Acting with the vision of being a pioneer of sustainability in the agricultural sector, HEKTAŞ demonstrated that it has a strong sustainability culture. Our objectives within this scope include:

- Efficient use of resources
- Low carbon footprint
- Responsibility toward future generations
- Environmentally conscious, innovative and responsible production

Through its R&D activities aligned with its vision of delivering innovative solutions, HEKTAŞ has assumed a leading role in Türkiye's agricultural sector and demonstrated a distinctive performance with its sustainability approach.

In the ESG sustainability assessment conducted by the London Stock Exchange Group, **HEKTAŞ ranked second in the agricultural chemicals category with a score of 78.**

With this achievement, **HEKTAŞ became the first company in the Agricultural Chemicals sector to be included in the Borsa İstanbul Sustainability Index.**

OUR INVESTMENTS

As of 2026 QIII, the Company has **realized investments totaling**

TRY 1,117,547,823.

2017
- Acquisition of Ferbis Tarım

2018
- Modernization of Adana OMG Facilities
- Modernization of Gebze Plant Protection Facility

2019
- Acquisition of Areo Tohum
- Modernization of Hektaş F.A.R.M.
- Modernization of Gebze Plant Protection Facility
- Modernization of Adana OMG Facilities
- Modernization of Niğde Plant Protection Production Facility
- Machinery and equipment purchase

2020
- Acquisition of Sunset
- Modernization of Gebze Plant Protection Facility
- Modernization of Niğde Plant Protection Production Facility
- Modernization of Hektaş F.A.R.M.
- Modernization of Adana OMG Production Facilities
- Regional offices, warehousing and logistics units, and IT investments New product development and R&D projects
- Machinery and equipment purchase

2021
- Acquisition of Arma
- Acquisition of Pet Food Production Facility
- Modernization of Niğde Plant Protection Production Facility
- Modernization of Gebze Plant Protection Facility
- Modernization of Adana OMG Facilities Establishment of Ankara YTM
- Modernization of Hektaş F.A.R.M. Machinery and equipment purchase 2022

2022
- Becoming the major partner in Agriventis
- Modernization of Hektaş F.A.R.M.
- Modernization of Niğde Plant Protection Production Facility
- Modernization of Gebze Plant Protection
- Facility Modernization of Adana OMG Facilities
- Modernization of Pet Food Production Facility Acquisition of the leased facility in Adana
- Investment in Ankara YTM
- Establishment of Hektaş Asia

2023
- Acquisition of Veterinary Medical Products Production Facility
- Modernization of Gebze Plant Protection Facility
- Modernization of Niğde Plant Protection Production Facility
- Modernization of Adana OMG Facilities
- Modernization of Hektaş F.A.R.M. Modernization of Pet Food Production Facility Investment in Ankara YTM

2024
- Modernization of Hektaş F.A.R.M.
- Modernization of Gebze Plant Protection Facility
- Modernization of Adana OMG Facilities
- Construction of production facilities to be operated in Uzbekistan
- Modernization of Niğde Plant Protection Auxiliary Facilities

2025
- Renovation Investments at the Adana OMG
- Production Facility Modernization of the Ankara High Technology Center Facility
- Renovation Investments at the Gebze Crop
- Protection Facility Investment in a Veterinary Medicinal Products Manufacturing Facility
- Capacity Increase Investment at the Niğde Crop Protection Facility
- Investment in the Hektaş Asia Uzbekistan Production Facility
